

An Example Visual Aid

How to Use the Assertion-Evidence Structure with
Different Forms of Visual Evidence

Things, numbers, and other people's words are all forms of evidence which translate well visually.

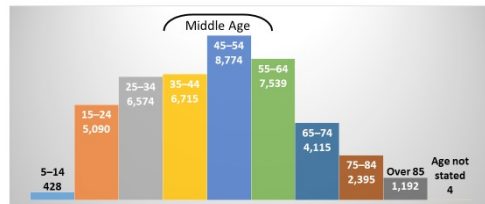

During the Civil War, Greeneville tried to secede from Tennessee to rejoin the Union.

Things used as visual evidence

We hear a lot about teen suicide, but suicides peak in middle age.

CDC, 2016, pp. 44

Numbers used as visual evidence

Snakes can be quite aggravating during air travel.

"I have had it with these monkey fighting snakes on this Monday through Friday plane."

—Samuel L. Jackson, as Neville Flynn

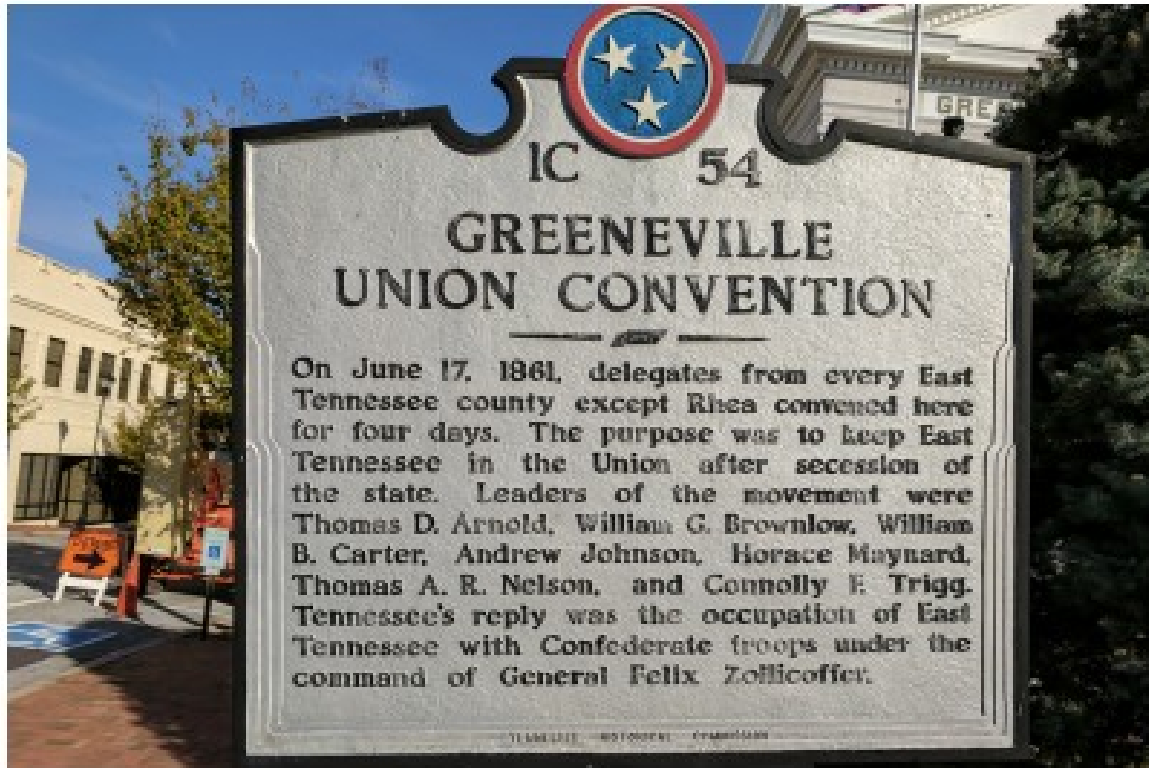

Other people's words used as visual evidence

Snakes on a Plane [TV Edit], 2006

An Assertion-Evidence Structure slide must have three parts.

During the Civil War, Greeneville tried to secede from Tennessee to rejoin the Union.

Full-sentence heading that makes a claim

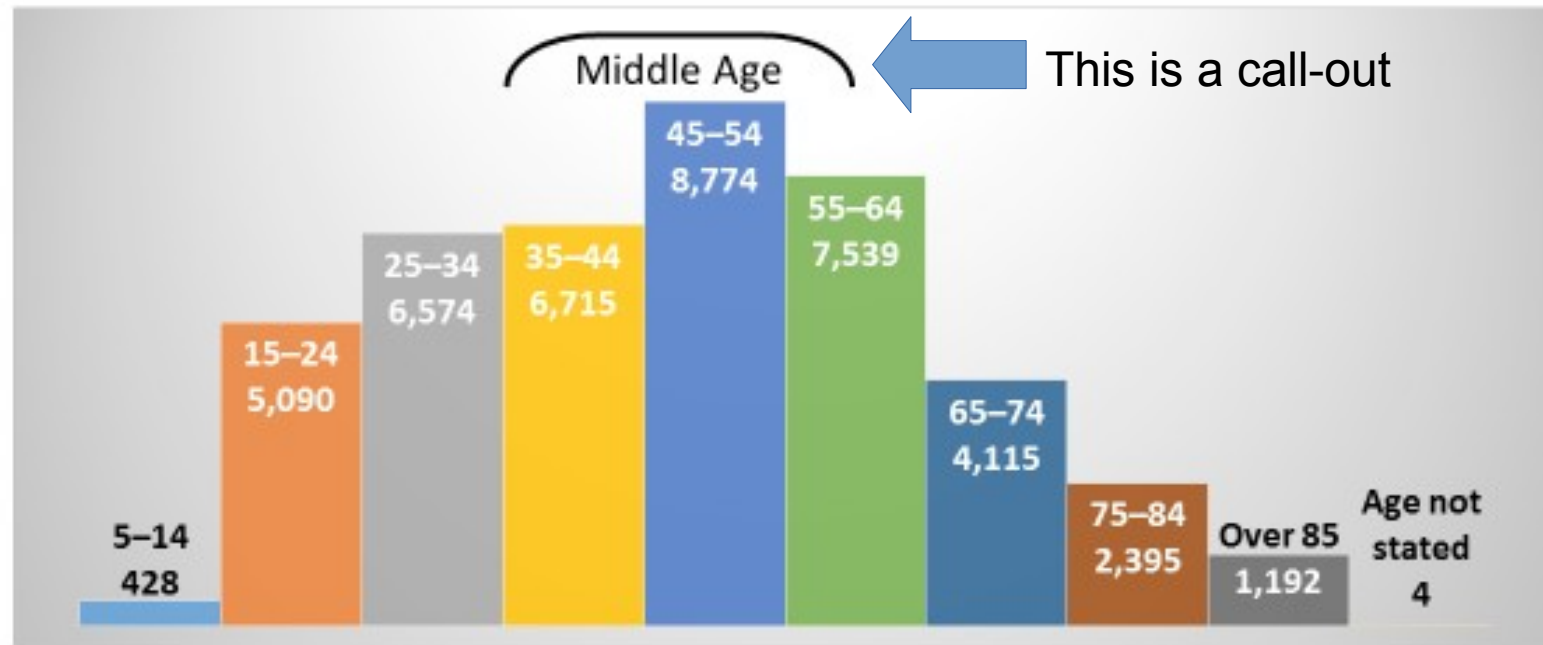

Visual evidence that supports the heading
