

Identify two groups that you belong to. Describe each of these groups in the context of the lesson:

Group 1

This is a group / team

There are x people in the group, which makes it most like a coalition / party / band / clan / tribe

This is a primary group / secondary group

If it is a secondary group, what kind of secondary group is it?

Your response here

I became a member of this group through voluntary association / non-voluntary association

Group 2

This is a group / team

There are x people in the group, which makes it most like a coalition / party / band / clan / tribe

This is a primary group / secondary group

If it is a secondary group, what kind of secondary group is it?

Your response here

I became a member of this group through voluntary association / non-voluntary association
